

Trend Forecast
Soft & Calm
Spring 2018

Key Themes to look out for

- Calming relaxed environments
- Muted colours, soft pastels & natural hues
- Exposed light woods
- Use of ombre gradient
- Inspiration from vintage american diners
- Soft, floral flavours, sweet treats and simple 'happy' food
- "Take life easy" and relaxed dining
- The rise of the pet café
- Relaxation and taking a moment of calm to unwind
- Engaging all senses - touch will be important for tableware
- Natural flowing shapes and materials
- Art Deco flair and style (80's Miami style)

Soft muted colours, pastels and 'raw' stones and woods all help create an atmosphere of calm, relaxed and peaceful dining. Where some trends focus on the fun and vibrancy you can create at a dining environment, "Soft and Calm" focuses not on this, but simply on relaxing; taking a break from life, in a micro bubble of tranquility and peace.

Enjoy an escape from normality, venues can really let creative sides out. Inspiration from the mystical and magical (The Glade at Sketch London), creating mini worlds with indoor huts for serving and creating private booths (Kitty Burn, Melbourne) or enjoying a cup of tea and a cake with a feline friend curled up on your lap (MoCHA Cat Café, Japan). Anything is possible, and accepted in a trend focusing on bring peace and calm to anyone who visits.

Trendsetting Venues

5 Guys - Nationwide

The Glade, Sketch - London

Founders Mourad Mazouz, Artists Carolyn Quartermaine and Didier Mahieu created an enchanted découpage forest; which appears like something half-remembered and yet completely contemporary. A truly mystical and magical venue, unique in every way.

PNY Le Marais - Paris

Contrasting shapes will feature heavily in this trend. Expect to see natural, organic flowing lines and curves contrasted by geometric patterns and dividing lines making statement colours and patterns really pop.

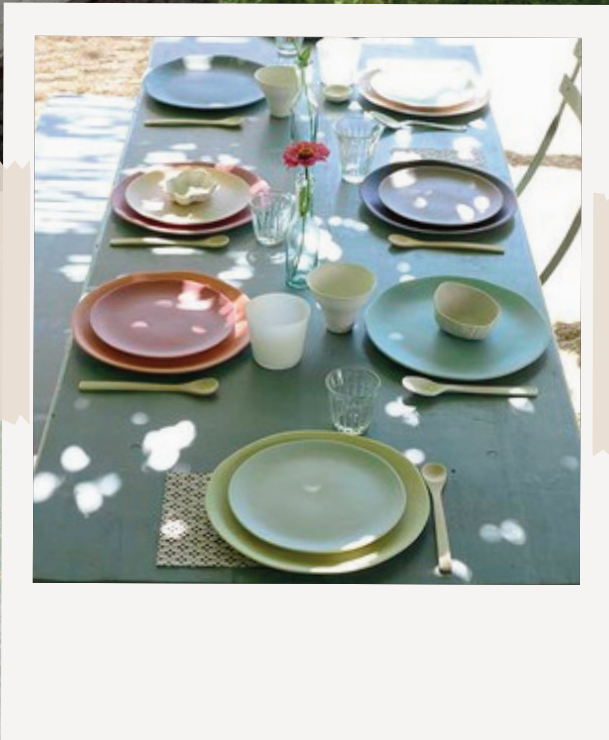

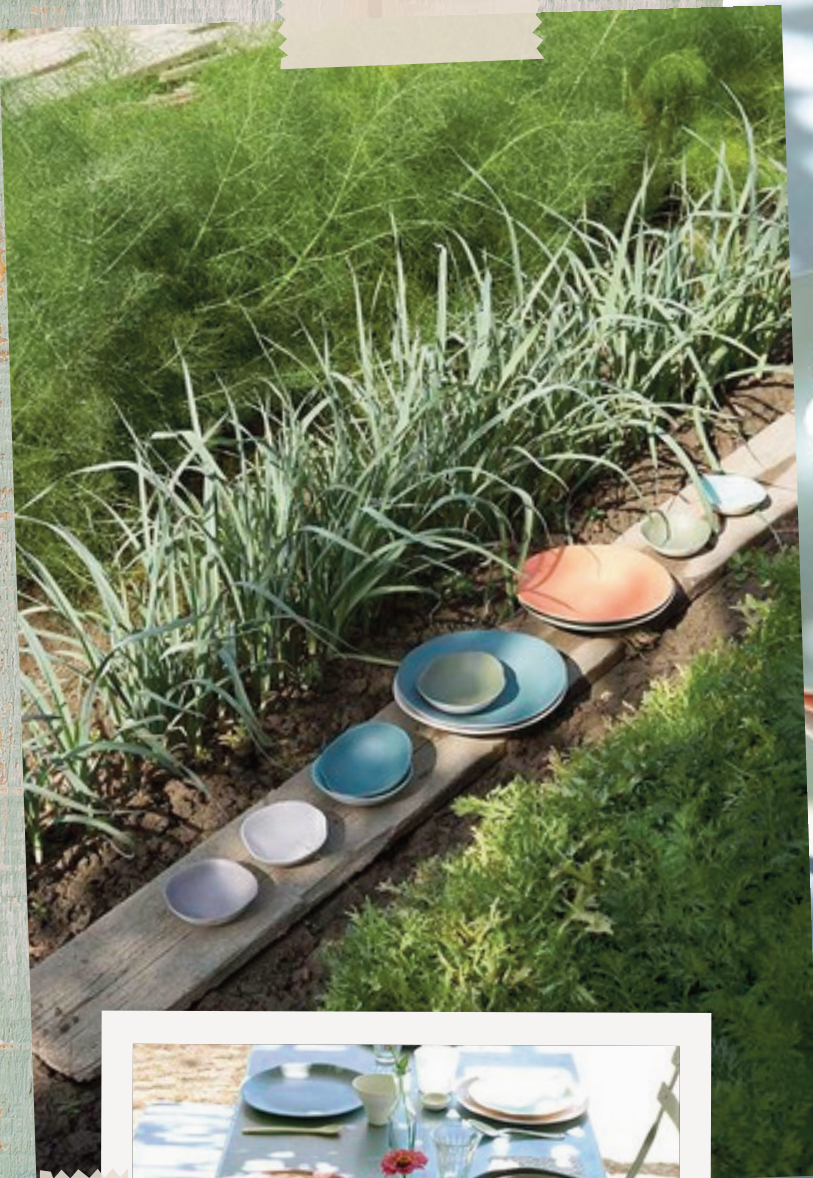

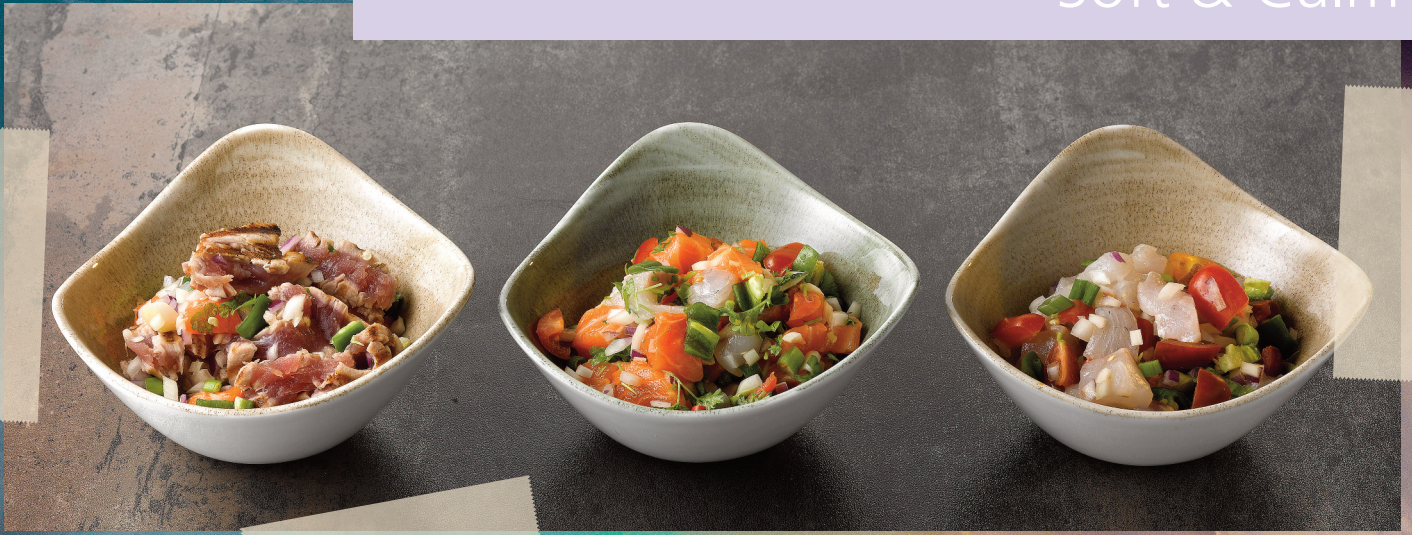

Pastel colours are key. Subtle and muted pinks, greens, blues and greys are all going to be used heavily across this trend. Also worth taking note of is the increased use of smoke and water inspired patterns, creating beautiful, natural swirls and tonal shades.

Raw edged woods and stones will be a fantastic way to make a "back to nature" look and feel in this trend. Wooden platters with bark still on, or Stoneware without a glaze lets you truly feel the textures of nature.

Decorative fine china can add a kitsch statement to table settings while still looking classy and sophisticated.

"Evo Ice" adds a subtle splash of cool blue to your table settings. Equally at home making a statement amongst whiteware, on its own or standing out against woodware and natural stones.

Horizon

The "Umami" collection is infused with the true spirit of the East, sourced from an abundance of Japanese pottery producers, Utopia have brought together a collection rich in heritage and authenticity. The ranges sourced are individually crafted to produce items that can be used for traditional oriental serves or to add depth and texture to more contemporary dishes.
